

Support your profession and advance your field...

# JOIN SIAM TODAY

*The Premier Professional Society for Applied  
Mathematicians and Computational Scientists*

Networking • Visibility in the applied mathematics and computational science community • Access to cutting-edge research • Outreach to students • Advocating research funding in applied mathematics and computing • Leadership opportunities

## BENEFITS OF MEMBERSHIP

**Participation in SIAM Activity Groups** Explore common interests and exchange ideas with your peers. Only SIAM members are eligible to join SIAM Activity Groups. For any SIAG that you join, you'll receive selected newsletters, be listed in and receive a complimentary copy of the SIAG Membership Directory, and receive an additional reduction in registration fees for conferences organized by the SIAG.

**Free Subscription to SIAM News** *The* newsjournal of the applied mathematics and computational science community. Keeps you up to date on the advances and breakthroughs taking place in the field and informed of issues, trends and events that can affect applied mathematicians.

**Free Subscription to SIAM Review** Quarterly journal providing an overview of the entire field of applied mathematics. Features technical, education-oriented, and survey papers relating to all areas of applied mathematics, as well as book and software reviews.

**Up to 25% discount on SIAM Conferences** Join a growing network of influential researchers and users of applied mathematics in industry and academe who meet to exchange ideas and discuss current topics. Advance notice of events will give you plenty of time to prepare contributed and poster presentations, or to participate in the organization of minisymposia, workshops and short courses.

**30% discount on all SIAM books** Build your professional library with top-quality titles by some of the most renowned individuals in the field. Be among the first to know about sales featuring even greater savings.

**Up to 80% discount on SIAM journals** Affordable access to current research in any of SIAM's twelve acclaimed journals. Scholars and researchers contribute state-of-the-art articles to journals on diverse topics. Access to enhanced, accelerated electronic journals is free with print subscriptions, or get electronic access to all SIAM journals for one low rate.

## SIAM ACTIVITY GROUPS

- Analysis of Partial Differential Equations
- Computational Science and Engineering
- Control and Systems Theory
- Discrete Mathematics
- Dynamical Systems
- Geometric Design
- Geosciences
- Financial Mathematics and Engineering
- Imaging Science
- Linear Algebra
- Life Sciences
- Nonlinear Waves and Coherent Structures
- Optimization
- Orthogonal Polynomials and Special Functions
- Supercomputing

Join SIAM today: Go to [www.siam.org/membership/applications.htm](http://www.siam.org/membership/applications.htm) to join online or download an application.
